Respect

We respect our clients, their beliefs, and their traditions. We will work tirelessly to ensure that the care that we deliver is respectful of our clients' needs and wishes.

Autonomy

We believe that all people have the right to make decisions regarding their care. We will advocate for our clients to insure that they are able to direct their health care to the maximum extent that they are able.

Dignity

We believe in the inherent dignity of all people. When faced with an illness, a person's dignity is often challenged. We strive to preserve and promote the dignity of our clients.

Compassion

We believe that compassion for one another is the greatest of virtues. We demonstrate compassion for our clients by delivering care in a manner that is gentle, kind, and considerate.

Integrated (in-ti-grey-tid): 1) Combined into a whole; united; undivided. 2) Combining or coordinating separate elements so as to provide a harmonious, interrelated whole

INTEGRATING PALLIATIVE AND HOSPICE CARE TO OPTIMIZE DIGNITY, COMFORT AND QUALITY OF LIFE

Our Mission

Our mission is to provide an exceptional quality of care to our patients and their families who are dealing with a life limiting illness. Our staff is committed to the hospice philosophy of patient choice and dignity.

Hospice Care

Hospice care focuses on comfort care and relief of symptoms such as pain, shortness of breathing, fatigue, and difficulty breathing. It has been shown the terminally ill patients benefit from hospice by experiencing comfort, better pain control, fewer hospitalizations, and invasive treatments, and overall satisfaction with end-of-life care.

Eligibility

Your love one is eligible for hospice care when a physician certifies that they have terminal illness with a prognosis of six months or less if the disease runs its normal course.

Coverage

Hospice care is an elected benefit covered under Medicare Part A and under many private insurance plans.

Our Vision

Our vision is to promote the physical, emotional and spiritual well-being both of our patients and their families and provide the highest quality, comprehensive and compassionate end-of-life care.
